TWO NEW STATES.

After an Extended Debate the House Passed the Statehood Bill Tuesday.

VOTE ON THE BILL WAS 147 TO 102.

It Provides That One State Shall Be Created of the Territory of Arizona and New Mexico.

The Other One Is Formed Out of Oklahoma and Indian Territory—The Names of New States Are Arizona and Oklahoma.

Washington, April 20.—Senate—The question of additional accommodations in the way of office and committee rooms occupied the attention of the senate the greater part of the day. The subject arose in connection with the provisions in the sundry civil appropriation bill, one for an extension of the east front of the capitol building in accordance with sketches left by Architect Walters, and the other, for an outside senate office and committee building. Much variety of opinion was expressed, and the question was still under consideration when the senate adjourned. Several minor bills were passed during the day.

House—After a debate extending through the entire session of the house Tuesday passed the bill providing for joint statehood of Oklahoma and Indian territory under the name Oklahoma and of Arizona and of New Mexico under the name of Arizona. The vote was 147 to 102. In discussing the rule which had been reported by the committee on rules, providing for immediate consideration of the bill, Mr. Williams, the minority leader, declared that no republican had any idea that the bill would become a law at this session. Delegate Wilson, of Arizona, opposed the bill. It was favored by Delegates Rodey, of New Mexico, and McGuire, of Oklahoma.

Mr. Spalding (N. D.), of the territories committee, explained the conditions which led the committee to recommend two states out of the four territories, and Mr. Sterling (Ill.) also defended the bill.

In a brief speech in support of the bill, Mr. Curtis (Kan.) insisted that the Indians of the five civilized tribes and the whites of Indian territory were ready for statehood and that 90 per cent. of the Indians were in favor of joint statehood with Oklahoma.

While stating that the bill did not exactly conform to his idea of what was wanted by the people of Oklahoma, Mr. McGuire (Okla.) declared that should it pass, there would not be a vote against it either in Oklahoma or Indian territory.

The debate was closed by Mr. Rodney (N. M.), who said that while the bill did not suit the people of his territory they nevertheless acquiesced in it. He explained in great detail the resources of both Arizona and his own territory and inquired if agriculture alone was necessary to support a population. He obtained applause when he cited New York city with its great population which, he said, did not produce a potato.

The union shops will keep open on Saturday night until 11 o'clock.

COURT DOCKET IS CROWDED.

Impossible to Try 150 Cases at Barbourville This Term.

Barbourville, Ky., April 20.—It will be impossible to try any of the 150 common law cases now on the court docket here until the legislature gives relief.

The court has worked day and night for more than two years in the vain effort to clear the dockets of the district, but there is no hope of getting any common law cases in Knox, Laurel, Jackson or Leslie counties to trial. The court has been able to keep up with the equity causes.

REMARKABLE PHENOMENON.

Mock Suns to the North and South of Old Sol Seen.

Owensboro, Ky., April 20.—A most remarkable meteorological phenomenon was seen here late Tuesday afternoon in the form of a parhelion, or mock sun.

LULL IN WAR NEWS

It is Affirmed That a Fresh Battle is Raging at Port Arthur.

NO PARTICULARS ARE GIVEN OUT.

It is Positively Denied That There Are Any Submarine Vessels in the Japanese Navy.

Next Month a Combined Attack By Land and Sea Will Be Made on Port Arthur—Military Operations Will Be Pushed.

Paris, April 20.—The Journal prints a dispatch from its correspondent at Yin Kow dated Tuesday at 5 p. m. which says it is affirmed that a fresh battle is raging at Port Arthur.

London, April 20.—The lull in news from the far east continues, there being nothing new Wednesday morning beyond a vague report from the Standard's correspondent at Che Foo that heavy firing was heard Tuesday night and that searchlights were observed working. None of the numerous reports of Japanese landings is yet verified.

London, April 20.—Capt. Kaboraki, the new Japanese naval attaché, who has arrived in London from Japan, denies positively that there are any submarine vessels in the Japanese navy. The captain says he anticipates a combined attack by land and sea on Port Arthur and the commencement of military operations in earnest next month.

Seoul, April 20.—The Russians are strengthening their fortifications at Chiu Tien Cheng with all possible haste and are sending in reinforcements of artillery and infantry with the intention of stubbornly contesting the expected attempt of the Japanese to cross the Yalu river.

(Chiu Tien Cheng is about 19 miles north of Antung, on the Manchuria side of the Yalu, and almost opposite Wiju, where the Japanese are reported to be in force. The left of the Russian line of defense is at Chiu Tien Cheng, the center is at Antung and the right is at Ta Tung Kao, about 25 miles southwest of Antung.)

Paris, April 20.—The Figaro Tuesday published an interview with Vice Adm. Skryloff, who is now in St. Petersburg. The admiral is quoted as saying: "I believe in offensive tactics. It is necessary to push ahead and take the initiative, instead of letting the enemy keep us in a state of unrest. It is essential to keep him in a state of unrest. It is necessary to invite a combat and take chances. Any combatant who awaits his enemy is practically at his enemy's mercy. But aggressiveness does not mean imprudence. Wisdom must go with boldness, but it is evident that to be aggressive does not mean the same thing for the Russians as for the Japanese at Port Arthur, since the latter have more ships than the former."

BOOM IN THE OIL TRADE.

There is a Great Demand From Japan For Refined Petroleum.

Philadelphia, April 20.—As the result of a great demand from Japan for refined petroleum, due to the fact that the war has stopped all shipments from Russian oil fields on the Baltic, to Japanese ports, there is a boom in the oil trade at this port. So urgent is the need of oil, in addition to the fleet of sailing vessels recently chartered to load here, four big steamships, regardless of the fact that the rate of freight by steam is almost double that paid to sailing craft, have been engaged to carry full cargoes to the Orient. The fleet now under charter will carry 11,350,000 gallons of refined oil from here to Japan.

Coates Kinney, author of "The Rain Upon the Roof," who died recently at Cincinnati, published his first volume of verse in 1855.

TERRIBLE CONFLAGRATION.

Property to the Amount of \$10,000,000 Destroyed in Toronto.

Toronto, April 20.—Fire swept through a section of Toronto's wholesale business district Tuesday night, causing a loss which will reach \$10,000,000. The fire started in a factory in Wellington street about 9 o'clock. In less than an hour the flames had spread from building to building on both sides of the street until the whole block was a mass of flames and the fire was utterly beyond control of the local department. Appeals were sent to every surrounding city where fire apparatus could be obtained asking for assistance. Montreal, London, Hamilton and Buffalo at once responded.

Chief Thompson, of the fire department, and George Dowkes, of Montreal, were cut off by the flames while directing the work of firemen from a roof. Thompson jumped six stories to the ground and miraculously escaped with a broken leg. A mass of tangled wires broke his fall near the ground. Dowkes has not been seen since and it is believed he perished.

Wednesday morning the fire was still burning fiercely in two blocks between Wellington street on the north and Water front bounded on the west by Young street and on the east by Ray street. The firemen have arrived from London, Hamilton and Buffalo. The acting fire chief said that the fire was practically under control, but there is still danger of it spreading further to the west.

A FIGHT TO THE DEATH.

Two Men Were Killed Outright and One Mortally Wounded.

Barton, S. C., April 20.—Information of a tragedy in which two were killed outright and one mortally wounded has been received here from Barnwell county. The actors were two white men, John Criner and Will Stone, and two Negroes, Clay Dickinson and Bristow Gardner. Stone and Dickinson are dead. Gardner is mortally and Criner seriously wounded. Criner was bookkeeper and Stone superintendent of a saw mill. They had words with Clay Dickinson on Saturday about his account with the store. Monday evening the young white men went to the house occupied by Dickinson and Gardner and it is said forced open the door of Dickinson's room and shot him to death. In another room they found Gardner and attacked him with knives. Gardner drew a pistol, and after being fatally stabbed shot Stone dead and seriously wounded Gardner.

Before the vessel was docked the Chinese crew of 200 men were taken to the Angel Island quarantine station. The Mongolia will sail on her first trip to the Orient in about two weeks. Not only is the ship the largest ever seen in this port, but she is the finest and biggest vessel ever constructed in the United States. She is 615 feet long, has a beam of 65 feet and is capable of carrying 16,000 tons. There were several cases of smallpox among the Chinese crew, which was quarantined.

DEFENDANT DISCHARGED.

The Indictment Against Ex-Alderman Chris Fopp Quashed.

Kansas City, April 20.—Judge McCabe Moore, in the district court Tuesday at Kansas City, Kan., sustained a motion of the defense to quash the indictment recently returned against Chris Fopp, an ex-alderman, accused of accepting a bribe of \$800 from an asphalt company. He discharged the defendant. This was the first of nine cases of persons charged with booting and in rendering the decision in the Fopp case Judge Moore intimated that he would take similar action in all the others. The court, however, gave the state until Wednesday afternoon to look up the law in these cases.

St. Louis, April 20.—"Lord" F. Seymour Barrington, convicted of the murder of James P. McCann, a turfman, has instructed his attorneys not to enter an appeal in his case. He declared his innocence, but says that he is ready to die as his imprisonment has become unbearable.

RIOTOUS STRIKERS

A Serious Outbreak at the Mines Near Garrett, Pa., is Hourly Expected.

ARMED MEN PARADE THE STREETS.

They Prevented the Moving of the Household Goods of Incoming Non-Union Miners.

A Horror Connected With the Strike Was the Cremation of Two Women and Four Children in Their Home.

Somerset, Pa., April 20.—An outbreak even more disastrous than the riot at Boswell last January has been hourly expected at the town of Garrett, the scene of the mining operations of the Garrett Coal Co., the Somerset Coal Co. and other lesser operations.

Trouble has been brewing there ever since the inauguration of the miners' strike five months ago. A number of the striking miners at Garrett own homes there, but recently the Garrett Coal Co. erected a number of houses and the bringing in of new men to occupy those houses and take the places of the workers in the mines has worked the latter up to a high state of excitement and resentment, and for the last few days the town has been a veritable mine of indignation. The strikers have been parading the streets openly armed, and they have prevented the moving of the household goods of incoming miners from the railroad station to the new company houses.

A horror that may or may not be connected with the strike situation at Garrett was the burning to death of two women and four children in their home at that place between the hours of 2 and 3 o'clock Tuesday morning. The victims were Mrs. Rosanna Meyers, her two daughters, Lucinda and Annie, aged 30 and 8 years respectively, and her son, aged 5 years. The two other victims were young children of Lucinda. The house was a one and one-half story log building and the women and children were sleeping in the upper story. The origin of the fire is unknown, but rumor connects it with the troubles growing out of the miners' strike. Evidence of the fire was discovered on the interior of the building while it was burning. Meyers was a miner, and until recently worked for the Somerset Coal Co. Late he has not been working, and it is said he has been supported by the miners' union. The strikers lay the origin of the fire to a number of Italians who are working for the Garrett Coal Co., but what motive the foreigners could have for such a crime has not developed.

Strikers armed with Winchester rifles paraded the streets Tuesday. They say this demonstration is to prevent the Italians from leaving the community before the coroner's inquiry has been completed. They say that in doing this they are acting under the instructions of the township constable.

When Sheriff Coleman reached Garrett Tuesday evening with his deputies he found no alarming condition of affairs, though the people gathered in large numbers about the station, having learned that he was coming. The sheriff's first work was to arrest two Italians, who were charged with setting fire to the Meyers house. The only evidence thus far against the two Italians was a statement made by Meyers in which he alleges that they called at his house several days ago to buy some butter, and that when told that Meyers would not sell butter to scabs, they left, swearing vengeance. The idea that the Italians committed this crime has taken hold of the people of Garrett pretty generally and the feeling against them is running high, but there are those who look upon the charge against the Italians as a move on the part of the strikers to get rid of the foreigners who have taken their places in the mines.

Closing Article From "G. M. W." on Question of Organized Labor.

Editor of the Bulletin: The return of my last communication from the Ledger, unprinted and which I ask you to publish below, is the result looked for when I faced him square with the figures in dollars and cents, as to pay of organized and unorganized labor. I had a program, a mission and a throb of conviction that I would not be thrown off the track in my endeavors to aid suffering humanity by slang, cant language, jargon of letters, by the merry-andrew of the jabbering chimpanzee.

G. M. WILLIAMS.
Editor Ledger: You say "I am going to move on their works" in the caption of my last communication, well I am in the ditches in front of their works firing straight at a head whenever one bobs up, and here is the score of our marksmanship. I swung into the cab of a big freighter on the C. and O. and introduced myself to the fellow with his hand on the lever as a friend of pauper labor seeking information in regard to wages paid organized and unorganized mechanics. Do you belong to any organization for mutual protection of wages, and if so what is the name of the organization and the amount of wages you receive per day?

"I am member of the Brotherhood of Locomotive Engineers and my wages are \$6 10-100 per day."

"What wages does the man receive that shovels coal in the fire box?"

"\$3 20-100 per day."

"Has he protection from the scab seeker of places?"

"Oh yes! Brotherhood of Railway Firemen looks after his interests."

"That fellow sitting up there in the observation window of the caboose, what's his wages?"

"\$3 10-100 per day."

"I guess the guardian angel looks after him while he is sleeping in that cosy corner?"

"Sure, brakemen have a strong brotherhood."

"That commanding looking chap that said take siding for 76 at Concord, is he another well paid and fully protected employee?"

"That is the conductor who pulls down his little \$140 a month under the management of the Brotherhood of Railway Conductors."

"Well! You are so full of information, tell me what those men receive back there at the coal bins for dumping coal into the tender of your engine?"

"Those are the scavengers of the road; they take what the Superintendent offers them or walk ties."

"No organization there?"

"None."

"What wages do they get?"

"\$1.25 per day."

"Do they not shovel as much coal in a day as your fireman does who gets \$3.20?"

"We consume twelve tons of coal in a day's run. Those coal heavers at the bins shovel and handle sixteen to twenty tons a day each, and at times handle it twice when no dumping cars are at the bins."

"Then they have no organization for protection?"

"None."

"Please slow up at Springdale. I have had enough of pauper labor for a Sunday investigation."

When a fellow is out for the stuff as the editor of the Ledger claims the average man is, I think the rent of the hall would be a useless expense to tell the \$12 printer that a \$3 girl has his place.

EAST LIMESTONE, Apr. 19th.—Farm work has made some progress the past week.

Mr. Stevenson has opened a grocery in the old postoffice building at Bernard.

Dr. Reed made a professional visit here the past week.

Frank Williams returned from Winchester Thursday, after assisting the Beigle family in their removal to that place. He reports all farm work and fruit bloom in advance of this section.

Citizens were awakened from their peaceful slumbers early one morning last week by the sound of music which was later perceived to come from a traveling troupe, consisting of two men, a musical instrument and a monkey.

Miss Pearl Beigle was the guest of the Misses Coughlin Saturday night, en route to Cincinnati from her home at Winchester, Ky.

Mrs. Wiley Case returned home last week after spending several days with her son, who with fine medical treatment and special care in nursing is on the road to recovery from a serious attack of typhoid-pneumonia, but he is not yet entirely out of danger.

About twenty relatives and friends of Mr. Robert H. Williams repaired to his home Friday, April 15th, in memory of the anniversary of his birth, an action of respect which has annually occurred for many years and one that affords him an amount of pleasure. That Mr. Williams was not wholly taken by surprise was evidenced by the bountiful supply of "good things to eat" stored in the larder from which was prepared a dainty and elaborate repast by the lady guests, about all assisting in the preparation. Covers were laid for ten, but a strange coincidence was later observed that one chair remained vacant. Very few changes are apparent in the attitude and surroundings of the household affairs of Mr. Williams in the few months that have succeeded the departure of the companion and friend, and one could scarcely realize that her presence existed only in memory. On account of the "busy time" with farmers only a few of his male friends could be present, and those only long enough to partake of the sumptuous meal to which they did ample justice. The ladies present were his only and devoted sister, Mrs. Ensor, Mrs. Kate Case, Mrs. Dora Sweet and daughter Mary Tom, Mrs. Mayme Ring, Mrs. Julia Breeze, Mrs. Georgia Mae Case and Mrs. Maggie Cynthia and Sue Williams. Mr. Williams received a number of presents, among them four large and delicious cakes. The day was agreeably and pleasantly spent by all, with only one thought to mar its pleasure, that of the remembrance of the two absent ones of the family.

BAD MUSS IN BRACKEN.

Court's Aid Invoked to Prevent the New Republican Committee From Acting.

AUGUSTA, Ky., April 18.—As the result of the precinct conventions held by Republicans of Bracken County last Saturday the breach in the party has grown wider.

This afternoon the newly elected committeemen met in Brooksville to organize, but the proceedings were stopped by John T. Jett, a defeated candidate, who caused an injunction to be issued to restrain the new members from proceeding. Jett alleges that the call was illegal and alleges that in one of the precincts Federal officeholders from another district dictated.

The bitter factional fight is occasioned by the determination of the Jett faction to see that Bracken County Republicans do not indorse Collector George Lieberth, whose name became injected into the quarrel. The old committee is defunct, the new cannot qualify and consequently Republicanism in old Bracken is at a standstill. The old Chairman, Ed. McClanahan, is a United States Storekeeper and a Lieberth adherent.

President Jenkins of Kentucky University, who was unavoidably prevented from keeping his appointment here last Sunday, will be here next Sunday and preach morning and night at the Christian Church.

In every part of Maysville, in the homes of the wealthy, in the humble abode of the man of toil, 'tis now a well-known fact—a great truth—that Doan's Kidney Pills have brought more comfort to backache sufferers and cured more sick kidneys than any medicine of modern times.

Mrs. M. C. Chisholm of 343 East Second street says: "Mr. Chisholm speaks in high terms of Doan's Kidney Pills. He procured them at J. Jas. Wood & Son's drugstore, corner West Second and Market streets, and their use proved them to be an effective kidney remedy. I have heard others express their appreciation of Doan's Kidney Pills. A medicine which cures kidney trouble is a most desirable one of which to know."

The complete Hyomei outfit, consisting of an inhaler that can be carried in the purse or pocket, a bottle of Hyomei and a medicine dropper costs only one dollar.

Many remarkable cures of catarrh and other troubles of the air passages have been made by Hyomei, and J. J. Wood & Son agree to refund the money to anyone who does not find it a complete cure for any catarrhal trouble.

There is no dangerous stomach drugging with Hyomei; simply breathe it through the inhaler, and relief comes quickly.

Baron Star 2:28

Bay Stallion, 16 hands, by Baron Wilkes 2:18. He is the sire of Col. Baldwin 2:09 1/4, Alex 2:11 1/4, George M. 2:15, New Star 2:17 1/4, Hannah 2:20, Mayflower 2:22, Lucy M. 2:26, &c. Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

A SAFE, SURE AND HARMLESS SPECIFIC

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

CURE GUARANTEED OR MONEY REFUNDED.

Mrs. E. Wycliff, New York City, writes: "ORRINE" cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of "ORRINE."

Mrs. W. L. D. Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him "ORRINE." He is now fully restored to health and has no desire for drink."

McA E L. Atlanta, Ga. writes: "I was cured of my whiskey habit by using 'ORRINE'."

REAL ESTATE DEALS.

Mr. Louis T. Goebke of Mt. Carmel Secures the Collins Warehouse and Planing Mill Lot in Fifth Ward.

Mr. John Duley, real estate agent, closed two important deals Tuesday. He sold for Mr. P. P. Parker the property formerly occupied as an office and warehouse by the Collins & Rudy Lumber Company at the northwest corner of Second and Poplar streets, Mr. Louis T. Goebke of Mt. Carmel being the purchaser at \$2,650. Mr. Duley also sold to Mr. Goebke for the Collins estate the lot on which the planing mill stood just north of the above warehouse, the price being \$1,100. The ruins of the buildings on this lot, damaged by fire about a year ago, are to be removed.

It has not been learned what business Mr. Goebke intends to engage in. He is a dealer in tobacco, and made considerable money on this year's purchase, and one report is that he will use the present warehouse for receiving and pricing tobacco. It is a fine location for such a business and also a splendid site for a factory.

Mr. Duley also sold for Mr. D. Sam White a tract of eighty-five acres of land in Lewis County to W. H. Hamrick of Tollesboro for \$1,975. Mr. Duley wants property to sell and customers to buy it.
